

HEAVY DUTY DEGREASER CONCENTRATE

Heavy Duty Degreaser Concentrate offers a safer alternative to hazardous cleaning chemicals, such as mineral spirits, butyl-based products, caustics and alkaline detergents. Heavy Duty Degreaser Concentrate aqueous solution offers a non-hazardous alternative for a range of industries including industrial maintenance, machining, mining, automotive manufacturing and printing.

HIGH PERFORMANCE WATER WORKS™ SOLUTIONS ARE

BIODEGRADABLE NON-COMBUSTIBLE
NON-FLAMMABLE NON-TOXIC NON-CORROSIVE

This product meets the Green Seal™ environmental standard for cleaning degreasing agents based on its reduced hazard to humans, reduced aquatic impacts, reduced smog production, and low ozone depletion potential.

- ▶ Replaces hazardous chemicals.
- ▶ Quickly removes grease, oils, carbon, ink, and other organic deposits.
- ▶ Contains no hazardous ingredients such as glycol ethers and is environmentally responsible.
- ▶ Does not contain any phosphates, caustics, chlorinated solvents, or silicone to interfere with the new coatings or paint.
- ▶ Safe to use in and around CNC machines and will not cause coolant foaming or corrosion inhibitor breakdown.

Water Works™ Heavy Duty Degreaser Concentrate can be used on any surface compatible with water:

Aluminum	Copper	Concrete
Carbon Steel	Acrylic	Vinyl
Stainless Steel	Rubber	Tin
Bronze	Titanium	Viton
Painted Surfaces	Brass	

Water Works™ Heavy Duty Degreaser Concentrate cleans successfully in the following industries:

Aerospace/Aviation	Mining
Agriculture & Farming	Municipal Services
Health Care/ Nursing Home	Janitorial
Restaurant & Hospitality	Nuclear Power
Performance Racing	Printing
Warehouse/Material Handling	Pulp & Paper
Marine	Electronics
Oil & Lubricants	Construction
Forestry & Timber	Fleet Management
Schools, Colleges & Universities	Transportation
Automotive Manufacturing & Repair	Railroad
Food Manufacturing/Processing	Utilities

Unlike traditional chemistries such as mineral spirits, high alkaline or hazardous chemicals, Water Works™ uses the power of water. This technology is safe for the material being cleaned, the trained worker and is environmentally responsible.

Heavy Duty Degreaser Concentrate is packaged in concentrated form for cost effectiveness.

Suggested dilution ratios:

Application	Dilution <i>Water to Heavy Duty</i>
Spray and Wipe	Full Strength to 5:1
Parts Washing	2:1 to 4:1
Ultrasonic Cleaning	7:1
Pressure Washing	10:1 to 20:1

Ask about our Certified Compliance List

Water Works™ Heavy Duty Degreaser Concentrate has a built in rust inhibitor, for ferrous metals, do not dilute more than 7:1.

Keep this product and all other cleaners out of reach of children. Dispose of product in accordance with federal, state and local regulations. Consult MSDS for more information.
