Distillates, (petroleum), hydrotreated heavy naphthenic Amine neutralized carboxylic acid

Other components below reportable levels

| 4. First-aid measures |  |  |
|-----------------------|--|--|
| Inhalation            | If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.<br>Call a physician if symptoms develop or persist. |  |
| Skin contact          | Rinse skin with water/shower. Get medical attention if irritation develops and persists.   |  |
| Eye contact           | Rinse with water. Get medical attention if irritation develops and persists.   |  |
| Ingestion             | Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately.  |  |

Not Available

1 - 5 60 - 80

| Most important<br>symptoms/effects, acute and<br>delayed                     | Direct contact with eyes may cause temporary irritation.   |                      |                                  |
|--|--|----------------------|----------------------------------|
| Indication of immediate<br>medical attention and special<br>treatment needed | Treat symptomatically.   |                      |                                  |
| General information  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |                      |                                  |
|  | 5. Fire-fighting measures  |                      |                                  |
| Suitable extinguishing media   | Water fog. Foam. Dry chemical powder. Carbon   | dioxide (CO2).       |                                  |
| Unsuitable extinguishing media   | Do not use water jet as an extinguisher, as this w   | will spread the fire |                                  |
| Specific hazards arising from the chemical                                   | During fire, gases hazardous to health may be for  | ormed.               |                                  |
| Special protective equipment and precautions for firefighters                | Self-contained breathing apparatus and full prote  | ective clothing mu   | st be worn in case of fire.      |
| Fire fighting<br>equipment/instructions                                      | Move containers from fire area if you can do so without risk.  |                      |                                  |
| Specific methods   | Use standard firefighting procedures and consid  | er the hazards of    | other involved materials.        |
| General fire hazards   | No unusual fire or explosion hazards noted.  |                      |                                  |
|  | 6. Accidental release measu  | res                  |                                  |
| Personal precautions,<br>protective equipment and<br>emergency procedures    | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.           |                      |                                  |
| Methods and materials for This product is miscible in water.                 |  |                      |                                  |
| containment and cleaning up  | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent product from entering drains. Following product recovery, flush area with water. |                      |                                  |
|  | Small Spills: Wipe up with absorbent material (e remove residual contamination.  | .g. cloth, fleece).  | Clean surface thoroughly to      |
|  | Never return spills to original containers for re-use. For waste disposal, see section 13 of the S   |                      | osal. see section 13 of the SDS. |
| Environmental precautions  | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. Inform appropriate managerial or supervisory personnel of all environmental releases.   |                      |                                  |
|  | 7. Handling and storage  |                      |                                  |
| Precautions for safe handling  | Provide adequate ventilation. Avoid prolonged exposure. Wear appropriate personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices. Use care in handling/storage.   |                      |                                  |
| Conditions for safe storage, including any incompatibilities                 | Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).  |                      |                                  |
|  | 8. Exposure controls/personal pro  | otection             |                                  |
| Occupational exposure limits   | · · ·  |                      |                                  |

irritation

| nespiratory of skin sensitization                              |  |  |
|--|--|--|
| <b>Respiratory sensitization</b>                               | Not a respiratory sensitizer.  |  |
| Skin sensitization   | This product is not expected to cause skin sensitization.  |  |
| Germ cell mutagenicity   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |  |
| Carcinogenicity  | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                                  |  |
| OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) |  |  |
| Not listed.  |  |  |

Direct contact with eyes may cause temporary irritation.

| NOT IISTED.   |  |
|---|--|
| Reproductive toxicity                                 | This product is not expected to cause reproductive or developmental effects. |
| Specific target organ toxicity -<br>single exposure   | Not classified.  |
| Specific target organ toxicity -<br>repeated exposure | Not classified.  |
| Aspiration hazard                                     | Not an aspiration hazard.  |

| Chronic effects   | No known significant effects or critical hazards.  |  |
|---|--|--|
|   | 12. Ecological information   |  |
| Ecotoxicity   | Harmful to aquatic life with long lasting effects.   |  |
| Persistence and degradability   | No data is available on the degradability of this product.   |  |
| Bioaccumulative potential   |  |  |
| Mobility in soil  | No data available.   |  |
| Other adverse effects   | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.  |  |
|   | 13. Disposal considerations  |  |
| Disposal instructions   | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |  |
| Local disposal regulations  | Dispose in accordance with all applicable regulations.   |  |
| Hazardous waste code  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |  |
| Waste from residues / unused products   | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).   |  |
| Contaminated packaging  | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.   |  |

| Hazard categories   | Delayed Hazard - No<br>Fire Hazard - No<br>Pressure Hazard - No  |  |

Pressure Hazard - No Reactivity Hazard - No

SARA 302 Extremely hazardous substance

Not listed.

# SARA 311/312 Hazardous No chemical

### SARA 313 (TRI reporting)

Not regulated.

#### Other federal regulations

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

- Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
  - Not regulated.

Safe Drinking Water Act Not regulated.

(SDWA)

#### US state regulations

US. California Controlled Substances. CA Department of Justice (California Health and Safety Code Section 11100) Not listed.

**US. Massachusetts RTK - Substance List** 

Not regulated.

- US. New Jersey Worker and Community Right-to-Know Act Not listed.
- US. Pennsylvania Worker and Community Right-to-Know Law

Not listed.

### US. Rhode Island RTK

Not regulated.

#### US. California Proposition 65

WARNING: This product contains a chemical known to the State of California to cause cancer and birth defects or other reproductive harm.

#### International Inventories

| Country(s) or region        | Inventory name  | On inventory (yes/no)* |
